High Flow Thermostatic Mixers

Comfort, Safety and Performance

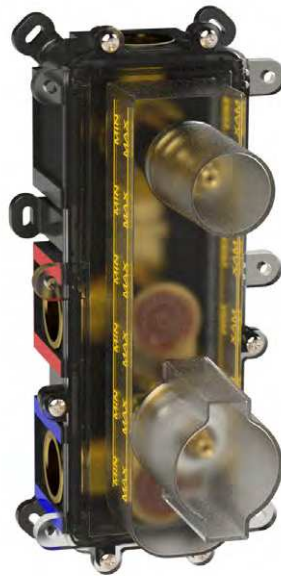

EmporioBagno thermostatic mixers combine stunning Italian design and outstanding product performance for a safe and pleasurable showering or bathing experience.

A constant set temperature provides comfort and safety for the family and this is an important consideration for children and elderly members of the family.

EmporioBagno thermostatic mixers are designed to work at a low water pressure of 0.2 bar. With ¾ inch inlets and outlets performance is optimised!

VersoBox

- 0.2 Bar Min Pressure
- Upto 39.6 L/M Flow Rates
- Solid Brass Valve
- Min 70mm Install Depth
- Watertight Installation Box
- Integrated Tile Guide
- 70mm Slimline Brass Trimsets

VersoBox Plus

- 0.2 Bar Min Pressure

- Upto 39.6 L/M Flow Rates
- Solid Brass Valve
- Min 70mm Install Depth
- Watertight Installation Box
- Integrated Tile Guide
- 70mm Slimline Brass Trimsets

Bespoke Plating

EmporioBagno®

EmporioBagno acknowledges the growing demand for colour finishes and coordinated colour schemes for brassware and offers a bespoke plating service. You can colour match all of your brassware fittings for a truly harmonious look. The lead time for this service is approximately 3 weeks.

Due to varying designs and processes, below is an indication of approximate costing when compared to the standard Chrome finish. Please contact us with your specific request for accurate pricing.

Approximate Plating Costs. (Due to the varying designs of all products, please contact us for an accurate costing).

Inox/Brushed Nickel +40%
Polished Nickel +40%

Polished Gold +50%
Brushed Gold +50%

Rose Gold +50%
Brushed Brass +50%

Taps

The Sparkle

EmporioBagno taps are designed and made in Italy and bring high end quality and designer flair to any bathroom setting.

The high lustre chrome on EmporioBagno taps adds sparkle to your bathroom whilst the high level of nickel plating ensures a durable finish.

Tapping Into Your Style

Choose your look from 17 brassware collections. Designs range from modern square looks to soft contemporary, traditional and transversal styles. There is a tap to suit your personal taste and desired bathroom styling.

Taps have multiple installation options for bathroom design flexibility and collections include matching bath and shower mixers for a harmonious look.

Get The Total Look

We all love matching items for a coordinated look!

Most EmporioBagno tap collections include bath/shower mixers in wall mounted, deck mounted and freestanding installation options.

Design Tips

- For a designer look, check out the wall mounted taps without plates. Choose a tall tap if you want to show off a sit on basin!
- If you have the space for a freestanding bath, go for a freestanding bath mixer to create a show stopping setting!
- Add interest with colour! Ranges offer different finishes such as Chrome, Inox, Matt Black or Brushed Gold

Water Saving

Water Saving Savvy

EmporioBagno EcoAir showers offer the pleasure of an air infused water experience with the bonus of reduced water consumption.

EcoAir options are available for shower heads and hand showers.

The Science Bit

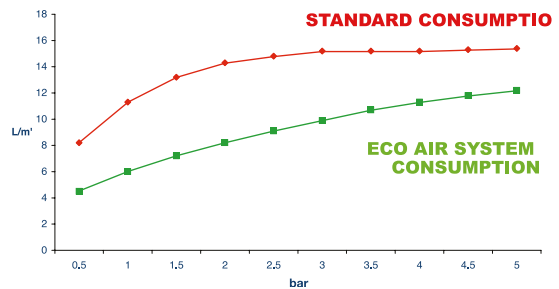

Every EmporioBagno EcoAir product has a water inlet and an air intake. As the water passes through a restricted inlet, water pressure increases which in turn sucks the air up through the air intake. This is known as the Venturi effect. Water and air pass into a low pressure mixing chamber where the increased water pressure sucks air into its flow.

Water Saving

The reduced water flow as a result of the Venturi effect, means that you can benefit from up to a 50% reduction in your water consumption.

Water Indulgence

The air infused water creates a soft invigorating rain for everyday showering that takes on a level of indulgent luxury.

Showers to Stimulate The Senses

Try a dual or triple flow shower with multiple water settings for a showering experience that meets your needs.

Feel free to customise your showering experience - enjoy an invigorating rain, cocoon yourself in a cosy mist or soothe away the cares of the day under a cascade!

Shower In Colour

Indulge further with a chromotherapy shower head which uses light and colour to promote mental, emotional and physical wellbeing – see p.172 for colour benefits. Colours can be selected at the touch of a button as all chromotherapy showers have a handy remote control.

Low Pressure, High Performance

These high performance shower heads offer 17 litres per minute at 0.5 bar water pressure!

- Vista NC44021 200mm ABS Shower Head (p.178)
- Casella NC44015 200mm ABS Shower Head (p.180)

Shower Heads

Showers Alla Moda!

EmporioBagno showers are designed to look and feel luxurious.

Designed and made in Italy, showers range from specialised ABS chrome shower heads to statement mirrored steel options mounted flush to ceiling. Shower options take you from everyday simplicity to showering chic.

Shower heads and hand showers are available in a wide range of shapes and styles to create your perfect designer bathroom. Look for matching items to achieve a coordinated look.

Key to operation:

A - On/Off control
B - 2 way diverter

C - 3 way diverter
D - Thermostatic control

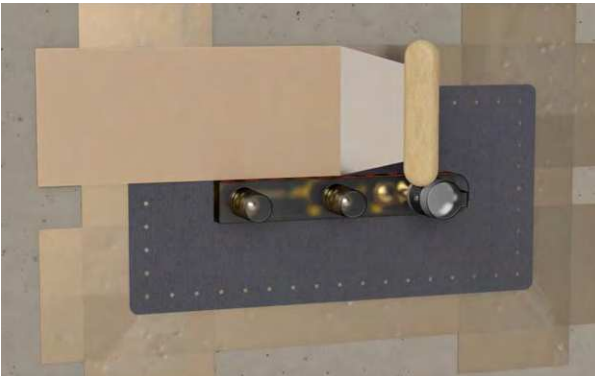

Versobox | Installation

1. VersoBox allows for solid wall and stud wall installation

2. The clear cover acts as a tile guide and protective case when plastering the wall

3. Complete with tanking kit for added waterproofing

4. Once tiled it is easy to remove the protective case with a sharp blade

5. Once fully tiled it is completely waterproof

6. VersoBox is the solution for an easy installation

Water saving

WATER SAVING

Products which have water saving features. Some shower products will feature EcoAir technology for water saving and this is highlighted by the EcoAir logo.

Low pressure

LOW PRESSURE

Products which operate at a low water pressure of below 1 bar

Extra jets

EXTRAJETS

Products which feature more than one type of water setting e.g. rain, fall or spray

Anti-limescale

ANTI-LIMESCALE

Products with features to prevent the build-up of limescale

Chromotherapy

CHROMOTHERAPY

Products which feature a multi-coloured chromotherapy system

PATENTED CARTRIDGE SYSTEM

Products which include a patented cartridge system

BRASSWARE

All EmporioBagno tap collections have a

5 YEAR GUARANTEE

THERMOSTATIC MIXERS

Thermostatic Mixers have a

5 YEAR GUARANTEE

However, the guarantee does not cover thermostatic or diverting cartridges as the functionality depends on the water conditions and the periodical maintenance and cleaning recommended.

SHOWERS

Showers have a

5 YEAR GUARANTEE

Electrical components for showers have a

2 YEAR GUARANTEE

The products in this brochure are chosen for their stylish design and high quality. Products can be bought with confidence, guaranteed free from defective manufacturing.

If you have a problem with any of the EmporioBagno products in this brochure, please see the approved retailer you purchased the products from for assistance. Your EmporioBagno retailer will be happy to assist you and will work with EmporioBagno to resolve your issue.

Where there is no straight forward resolution, the guarantee above applies so that you can have peace of mind.

EmporioBagno products are only covered by this guarantee when purchased from an approved EmporioBagno retailer, they are installed for private domestic purposes in the UK and they have not been modified in any way.

It is important that EmporioBagno products are maintained in accordance with any special instructions provided and are otherwise cleaned carefully with suitable cleaning products. The guarantee covers products in normal domestic use and does not cover damage, neglect, misuse or inappropriate cleaning.

Please note that the guarantee is offered to the original purchaser. The guarantee is in addition to and does not affect your statutory rights.

To allow the continual development of the ranges, EmporioBagno reserves the right to change the colour, designs and specifications of the products in this brochure without notice.
